MEMORANDUM OF UNDERSTANDING

This Memorandum of Understanding ("MOU") is signed and executed on this the 10th day of July 2024 by

SRI NICHOLAS FINECHEM LABORATORIES (SNFCL)

Plot No. 31/A, IDA Balanagar, Hyderabad-500037, Telangana State
and between

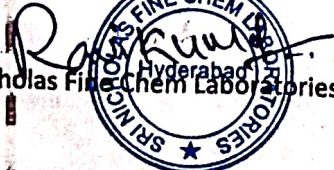

SARDAR PATEL COLLEGE

Padmarao nagar, Secunderabad, Telangana 500025

Both the parties hereto hereinafter sometimes referred to individually as a "Party" or collectively, the "Parties". Also, sometimes referred to in the short titles eg. "SP", "SNFCL".

1. INTRODUCTION

The purpose of this MoU is to foster collaborations between the Parties on mutual interests.

Sri Nicholas Fine Chem Laboratories

Hyderabad

SARDAR PATEL COLLEGE

Secunderabad-500025

2. AREAS OF COOPERATION

The Parties hereto agree to promote collaborations in furtherance of their common interests in the following areas:

- a. sharing of knowledge and skills for development of analytical methods in cutting edge areas for product manufacturing and development for commercial purposes;
- b. extending support to conduct technical field survey, designing, and conceptualization of the chemical science;
- c. extending support to utilization of facilities;
- d. enriching teaching methodologies;
- e. promoting a vibrant institute-industry interaction where faculty and students are exposed to industry experts so that they can understand the current trends and needs of the world in terms of research and development; and
- f. assistance for student internships/projects and placement.

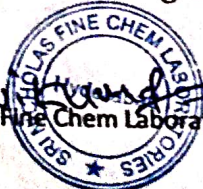

3. BACKGROUND OF THE PARTIES

Sri Nicholas Fine Chem Laboratories (SNFCL) is a one-stop solution partner for complete value chain of services from early discovery to commercial manufacturing of Fine Chemicals (FCs), Active Pharmaceutical Ingredients (APIs), Pseudoproline Dipeptides (PDs), etc. It is in the business of marketing of pharmaceutical substances and intermediates at National and International level. As it has eminent scientists and well known academicians besides sophisticated facilities, it carries out research, develops methods, produces cutting edge intermediates and synthesizes compounds according to customer criteria. It strictly adheres to the highest standards of Quality, Service and Confidentiality. It is committed to provide qualitative APIs and Intermediates to its customers within the time frame. It forges alliances with the institutes of higher learning in engineering education and research laboratories in furtherance of their activities.

Sardar Patel College (SP)

Provides practical and professional relevance of working in harmony, we enable us to restore wholeness to the ancient tradition of liberal learning, by embracing practice as the first fruit of inquiry. Perfectly designed training sessions are carried out, soft skills like personality development, positive attitude building, time management, body language & communication skills classes are conducted regularly. It strives for empowerment of the socially, economically and Educationally marginalized sections of the society in Telangana Region and in particular Rural Telangana. To sensitize students towards gender equality

Sri Nicholas Fine Chem Laboratories

SARDAR PATEL COLLEGE

.The Department of Chemistry has also a rich tradition of imparting high-quality teaching and research in cutting-edge thrust areas of chemical science. In addition to the classroom teaching, it provides encouragement towards intensive research. The Department is well equipped with the latest technologies for teaching methods. It is committed for sharing of knowledge, collaborative research, utilization off facilities, industry oriented training, faculty development programs, student internships and placements.

4. NOW THIS MoU WITNESSETH AS BELOW:

WHEREAS the parties herein are looking for tie-ups manner. in a mutually profitable

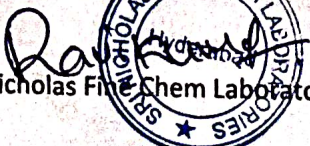

WHEREAS in furtherance of the mutual interests, the Parties herein have agreed to join hands and explored the possibilities of building a synergistic relationship and set their hands to enter into MoU with the following joint responsibilities:

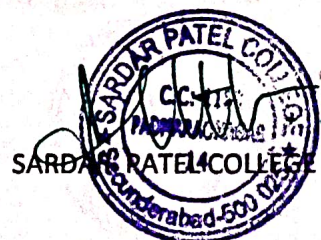

Nature & Scope

(1) With a view to conceptualize the methods for product manufacturing and development in accordance with the requirement of the SNFCL in the allied area, the SP COLLEGE will share its knowledge with the SNFCL and help in analysis and integration for manufacturing and

development of Fine Chemicals (FCs) and Active Pharmaceutical Ingredients (APIs). The SP COLLEGE will also extend the required support to the SNFCL in technical field survey for designing and devising of analytical methods for enlargement of product.

(2) With a view to provide inputs to improve the quality of education and to impart industry related training, the SNFCL will provide its expertise on "Utilization of Lab & Incubation center" to the SP COLLEGE.

Sri Nicholas Fine Chem Laboratories

(3) With a view to introduce the SP COLLEGE research scholars and students to industry, the SNFCL will provide "Academic Projects & Internships" to the research scholars and the students of the SP COLLEGE.

(4) The students, research scholars and the faculty of the SP COLLEGE will contribute in developing modules for manufacturing and development of products. They would work in the premises of SNFCL as and when required.

(5) The SNFCL will suggest the required changes or amendments to upgrade the curriculum from time to time and help the SP COLLEGE in providing qualitative education to its students keeping in view the industry requirement.

(6) The affiliations of both the Parties are to be given in case of any publication yielded out of the mutual collaborations.

(7) The **SP COLLEGE** is entitled for Royalty sharing from the SNFCL in the revenue generated out of the products commercialized in case of its contribution.

No Assignment

Neither party without the written consent of the other may assign either the benefit or the burden of this MOU to anybody.

Amendment

This document represents the entire agreement between the Parties regarding the subject matter of this MOU and can only be amended or modified by an agreement in writing signed by the Parties hereto.

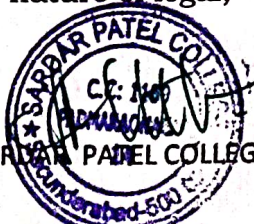

Confidentiality & Publicity

Any information furnished between the Parties shall be treated as strictly confidential and the same shall not be disclosed by the other Party. However, the information can be shared or publicized with mutual consent.

Indemnification

The Parties hereto agree to hold the other party, its faculty, staff, research scholars, students harmless from any and all claims and liabilities of the nature of legal, financial or otherwise.

Sri Nicholas Fine Chem Laboratories

SARBAR PATEL COLLEGE

Validity

This MOU is valid for Six Months from the date of signing. However, it may be renewed by mutual consent.

Termination

Either party may terminate the MoU for cogent and logical reasons, by giving to the other party 60 days' notice in writing. If the MoU is terminated by either Party, steps shall have to be taken to ensure that the termination does not affect any prior obligation, project or activity already in progress.

Implementation

A Coordination Committee consisting of one faculty member of SP COLLEGE and one Officer nominated by the SNFCL will be constituted for implementation of the MoU.

Legal Effect

This document is not intended to impose any legal obligation whatsoever on either party (whether based in contract, tort or under statutory law). The parties do not intend to be bound by any agreement until both agree to and sign a definitive written contract. Neither party can rely on any promises inconsistent with this paragraph. This paragraph supersedes all other conflicting language.

IN WITNESS WHEREOF, both the parties hereto have signed this MoU on this the 27th day of February 2024 at Hyderabad.
