LAXMI NARASIMHA

Message from Chairman: -

The establishment of Sardar Patel College was motivated by the noble goal of educating all classes of students. The college obtained a "B+" Grade in the third cycle of NAAC accreditation. It is affiliated to Osmania University. The college is jointly sponsored and managed by Osmania Graduates Association (OGA) & Exhibition Society, which bestows a better tomorrow and the greatest today. It gives me immense pleasure to release the first issue of the college "News Letter," which serves as a platform for students to be updated on college activities and allows students to express their talent.

– DR. S. RAJENDER GARU.

Message from Secretary: -

Our college aims to achieve skills and knowledge in Science, Management, Arts, and Commerce through an integrated teaching methodology. It is well equipped with spacious labs, an ample number of classrooms along with e-classrooms, a library with a vast volume of books, an aesthetic auditorium, and state-of-the-art infrastructure. Our college also focuses on extracurricular activities like sports, NCC, and NSS. Our goal is to attain leadership in human development and educational excellence.

– Sri. B. SURENDER REDDY GARU

Message from Principal: -

We are glad and proud to re-initiate our newsletter, "SARDAR-Be the leader," which provides quarterly updates on college activities. Students are shown the right direction for extracurricular activities and an exciting academic career. They are always motivated and mentored by qualified, eminent faculty to inculcate values and enhance their abilities. The faculties are encouraged to paper presentations, paper publications, conduct workshops, and organize seminars at National and International levels. I greet all the students a cheerful and successful academic year.

– DR. N. HEMALATHA GARU

Message from Vice-Principal: -

Sardar Patel College, which has a 53-year history, is launching a newsletter called "SARDAR-Be the leader," which is a memorable occasion. I want the newsletter to be of great use to the student community in expressing their ideas and experiences in college and gaining information through the newsletter. I applaud the college administration for producing this newsletter, and good luck to the students for the upcoming academic year.

– DR. M. AMARNATHA SHARMA GARU

The Right Direction

Hello from the team behind the college newsletter "SARDAR-BE THE LEADER"! We are delighted and grateful to have the chance to get to know every one of you. Our newsletter attempts to highlight how dynamic and varied our campus is. It serves as a space for us to acknowledge our accomplishments, exchange inspiring tales, and stay current on events on campus. You can anticipate a wide range of exciting content in the upcoming months. Our team is committed to providing you with a well-balanced combination of knowledge and thought-provoking articles representing our educational and recreational experience.

However, with your active involvement, our newsletter can flourish. We want all students to share their thoughts, experiences, and accomplishments. Your opinion counts, and each student has a compelling tale to share. To keep our newsletter exciting and valuable to the whole campus community, we also appreciate feedback, comments, and recommendations.

Watch this space for the release of our newsletter. We hope that your academic year is fruitful and enjoyable.

Thanks, and regards

The Editorial Committee.

CAMPUS CLOSE-UP

“We want Education by which character is formed, the strength of mind is increased, the intellect is expanded, and by which one can stand on one’s own feet.”

Sardar Patel College was established in 1970 and is jointly managed by the Osmania Graduates’ Association and Exhibition Society to cater to the growing needs of the Telangana region's economically poor and academically backward people. Our college is known for its academic, co-curricular, and extra-curricular activities. Various courses offered at our college are BA, BBA, B.Com, and B.Sc. at UG level and M.Com, M.Sc (Org Chem) & MBA at PG level.

Our institution is an established center for interactive, modern methods of teaching and learning and shaping the thoughts and personalities of the Youth, who repose their faith in various activities being conducted year-long. The college has strong NCC, NSS, and Sports wings shaping the students to excel in National and International arenas. Every year, NCC cadets participate in Independence and Republic Day parades in New Delhi and stand at the forefront of the College. The NSS wing at our college inculcates social responsibility among students by conducting various programs on Social security, Child & Adult Education, Health & Hygiene, Women empowerment, Awareness on discouraging Child marriages, etc., which will make them accountable citizens of society with leadership qualities. We encourage our students to participate in all inter-college tournaments and provide ample opportunities for our sportspeople.

The college has been Re-accredited by NAAC B⁺ grade with 2.67 CGPA. As per the recommendation of NEP 2020 and the guidelines laid down by the UGC for academic collaborations between Institutions to promote multidisciplinary education and research through online and offline modes, our college is a member of the cluster colleges.

ACADEMIC FOCUS

DEPARTMENT OF CHEMISTRY

In collaboration with the YMC School of Chromatography, the Department of Chemistry organized a seminar on 7th January 2023. This seminar on skill development of analytical instruments for chemistry students was conducted to bridge the gap between academics and industry.

The speaker Director Dr.G. Srinivas Rao, gave in-depth knowledge on HPLC, Reverse phase columns, and solvent gradient. Students from other colleges as Avanathi College, Keshav Memorial College, Ambedkar College, and Vanitha Mahavidyalaya College, also participated in this program.

We are privileged to sign an MOU with the YMC School of Chromatography, enabling our students to join skill development programs at YMC.

DEPARTMENT OF SOCIAL SCIENCES

Department of Social Sciences has organized a One-day intercollegiate seminar on 11-1-2023 regarding “Issues and challenges of Governance in India with emphasis on Telangana.” Essay writing competition on topics Right to information act, Women’s security in India, Climatic changes and their impact, and Cyber Crime in India, and an Elocution competition on Public Policies of the Government of Telangana for the welfare of the citizens was conducted.

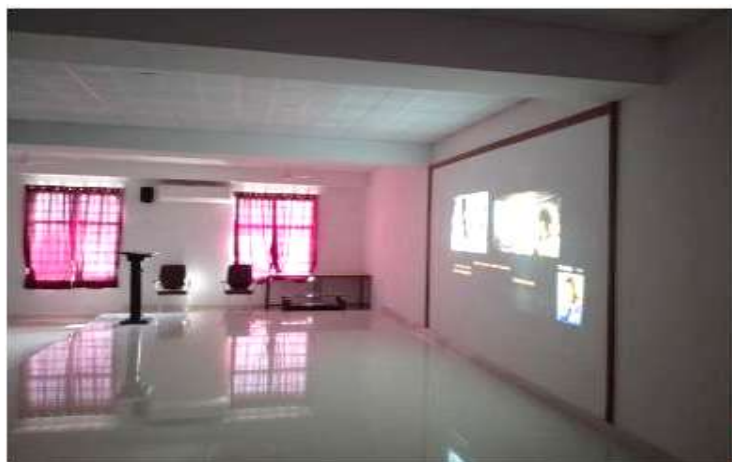

The prize winners for the essay writing competition are G. Sirisha, BA 1st Year secured First prize. D. Bhanu B.Sc First year Second prize. The prize winners for Elocution Competition are Mohd Samad B. Com First Year secured First prize. P. Bibitha MBA First Year secured Second prize.

“International Program on Human Rights.” The Department of Social Sciences organized a one-day program on 4-3-2023, in collaboration with the Human Rights Council of Telangana. Mrs. T. Subhashini, state president of Telangana's Human Rights Council, has discussed various social aspects of citizen's life in-depth and 30 essential Human Rights articles. Dr. Shyam Prasad, Secretary of the Human Rights Council, explained the effect of educated youth in society.

DEPARTMENT OF MATHEMATICS

PROGRAM ON “SHAKUNTHALA DEVI MOVIE”

The Department of Mathematics has shown the “Shakunthala Devi” movie to B.sc Physical Science 1st-year students to create knowledge and learn how to play with numbers for mathematics students. This movie was established in the auditorium 3rd floor on 30-01-2023. Around 50 students watched the movie. They came to know how Shakunthala Devi became a Human-Computer. Students understood tricks in solving mathematics and problems efficiently.

DEPARTMENT OF COMPUTER SCIENCE

A certificate program in collaboration with ICT ACADEMY AND HONEYWELL on the topic of Microsoft Power BI with a duration of 15 days was conducted from 13th February to 1st March 2023. The main focus of Power BI is to have interactive Data Visualization and PRACTICAL KNOWLEDGE of built-in AI capabilities, tight Excel integration, and pre-built and custom data connectors. One hundred two students have registered for the course: Babitha, Vinoothna, and Uday Kirangot certificate from ICT academy.

Microsoft PowerBI certificate awardees

WORKSHOP ON PROJECT INITIATION in collaboration with **MANAC Infotech private ltd.** We are organized on 3rd March 2023.

The workshop aims to introduce a project on programming language where students get acquainted with the new information technologies for developing a project. A total of 100 students participated in the workshop. Mr. Kondal Reddy, Team leader of MANAC Infotech private ltd., delivered a speech on the importance of the project and product-based services in IT companies. Ms. Navya, the software engineer, explained a few modules of projects.

STUDENT LIFE

DEPARTMENT OF ZOOLOGY - A FUN DAY

A one-day field trip was organized for zoology students on 12th January 2023 to the **Nehru Zoological Park**. Twenty-five students and the faculty visited the zoo and observed reptiles, birds, and nocturnal caves and also visited the butterfly garden and came across various species of butterflies. Students enjoyed watching animals and also gathered knowledge about the animals displayed. Students understood the different habits and habitats of animals, the endangered species, the identification of animal phyla, habits and habitats of nocturnal animals, and ex-situ conservation.

TRAFFIC AWARENESS PROGRAM

The college conducted a traffic awareness program on 17th January 2023. ACP G. Shanker from the City traffic training institute, Begumpet, addressed the students and imparted knowledge about rules and regulations. He also talked about the importance of wearing a helmet and also the importance of wearing a seat belt. He also emphasized drunken driving and its impact on social life. Dr. N. Hemalatha, Principal, and Sub Inspector Swetha participated in the program.

DEPARTMENTS OF NUTRITION & BOTANY

The Departments of Nutrition & Botany has jointly organized **Recipe preparation and live cooking session** in collaboration with Nestle Company for students of all the streams on 25.01.2023. The program was graced by Dr. N.Hemalatha, the Principal, Dr.Amarnath Sharma, the Vice Principal, and Mrs. Vidya Jyothi academic coordinator. The B.Sc., B.Com., and BBA, students of all years enthusiastically participated in the program by producing a variety of recipes utilizing Nestle goods, including bread ras malai, shahi tukda, dry fruit modak, pasta payasam, and palak Maggi cutlets.

Fifty-four students attended the program, and 24 competed in the recipe competition. The students had a hands-on experience preparing innovative nutritious recipes using Nestle products. They learned to prepare menu cards for the prepared recipe.

List of Winners

Name of the student	Section	Recipe	Prize
Spoorthi	B.Sc. ZNC 2 nd year	Dry fruit Laddoo	1 st Prize
Asra Tabassum	B.Sc. BZC 1 st year	Pasta Payasam	2 nd Prize
Kavya	B.Sc. BZN 2 nd year	Palak Maggi cutlet	3 rd Prize

MAGGI-MAGIC IN MINUTES

DEPARTMENT OF BOTANY

EDUCATIONAL VISIT TO “KONDAPUR BOTANICAL GARDEN”

On February 13, 2023, as part of their academic program, students from the Department of Botany and Nutrition and B.Sc. final year and second-year students as well as B.Sc. final year and second-year students, visited the "**Kondapur botanical garden**" in Kondapur. The manager of eco-tourism, Kalyanapu Suman, informed us about the astrological placement of several plants. The staff and students were particularly interested in the many steps used to develop alien plant species and learned a lot about medicinal plants, their upkeep, and their purposes.

DEPARTMENTS OF PHYSICAL SCIENCES AND LIFE SCIENCES

NATIONAL SCIENCE DAY

An inter-collegiate event, “SCI-RAIN,” was organized on 18th March, 2023 on National Science Day. Activities organised were Quiz, Poster presentation, PowerPoint presentation, JAM session, live exhibits and models, and fun activities like Rangoli, Scary house, food stalls, and games were organized.

The chief guest, **Dr. Poorna Chandra Rao**, Chief scientist working for Earthquake Hazards, CSIR-NGRI, Hyderabad, addressed the students and explained the science involved behind earthquakes and also briefed them about the plate tectonics and the movement of the continents.

Dr. A Vasanthi, senior scientist, Gravity and magnetic studies group, CSIR-NGRI Hyderabad, motivated and encouraged students to consider any branch of science as their future goal and research opportunities in sciences. Around 100 Students from various city colleges like Gitam University, Aurora College, Begumpet Womens College, and Khairtabad Degree College participated, and the program was a huge success.

DEPARTMENT OF ENGLISH

FIELD TRIP: The English Department and the students participated in the field trip. The students gathered in the college and moved to the BOOKFAIR venue at Lakdikapool. Assistant Professor P. Nagalakshmi and Assistant Professor P. Victoria Rani accompanied the students. Various books were displayed at the fair, and students gained ample knowledge about books. All B.A., B.com, and B.Sc students participated in this literary event on 25/03/2023. And nearly 100 students have taken part in the book fair.

CAREER CORNER

DEPARTMENT OF BUSINESS MANAGEMENT

Department of Business Management organized an orientation program on **“How to go with project work preparation”** along with **Gitam University** on 15-02-2023 to benefit all management students. Students must prepare and submit one research project in the final semester, including a Problem statement, Introduction to the study, Literature Review, Company & Industry profile, Data Analysis, and Interpretation, findings suggestions and Conclusions, and project summary. The speaker from Gitam University discussed all the information relating to the project. Students got clarification on how to do the task and approach the companies for projects.

An Orientation Program on Internships and Project work preparations

Department of Business Management organized a seminar on **“Internships & Project Work Preparations”** in association with V-Axis Learning Pvt Ltd on 17-02-2023 in the college premises.

Mr. Srinivas, The Director of V-axis Learning Pvt Ltd, discussed how to prepare project reports and internship opportunities in their company. They interviewed all the final-year students and selected 50 candidates for online internships.

Placement Committee organized **“Mega Job Mela”** on the college premises in association with HUNAR (United India) on 28-02-2023 for all the final year students from various groups. Total of eighteen companies conducted interviews with 484 students in Mega Job Mela. Out of 484 students, 128 were selected in the final round, and 40 have joined the companies.

A Report on Campus Placements by PRAKARA Dated 16-03-2023

The Department of Nutrition & Placement committee recruited life science students (BZC, BNC, ZNC & BZN) in collaboration with PRAKARA and EdTech Company. The company recruited for positions such as CRM associate and content editor. The life science students pursuing 3rd year attended the interview. The interview was divided into two segments, wherein the **1st** segment was about group discussion, followed by a personal consultation.

MANAGEMENT DEVELOPMENT PROGRAMME

Department of Business Management has organized a one-week MDP program on “Treasury Foreign Exchange Risk Management” from 13-02-2023 to 17-02-2023 in collaboration with the National Institute of Micro Small & Medium Enterprises” sponsored by the Development Commissioner, Ministry of MSME, Government of India. All the faculty and students (approximately 25 members) of the Business Management & Department of Commerce of the college

have participated in this program. Mr. Siddesh Ghare was the key speaker for the entire program. He delivered a lecture on the following topics.

1. Introduction to the foreign exchange Market.
2. Overview of Foreign Exchange Market.
3. Trading in the Foreign Exchange Market.
4. Forecasting Exchange Rates.
5. Role and function of treasury Management.
6. Derivatives.

Mr. Siddesh Ghare delivered an excellent lecture on the above topics, which was very helpful to all the faculties who participated and enhanced their skills in the foreign exchange market. All the participants received the Participation certificate.

4. Guest lecture and field trip by the Department of Zoology.
5. ANNUAL DAY BY THE COLLEGE.
6. National seminar by the Department of public administration.

ALUMNI STORIES

Ms. Pooja. T, M.Sc. Zoology

I am Pooja. T, an alumna of Sardar Patel College for the 2016-2019 academic year. My college life was an exciting and transformative experience that offered a unique blend of intellectual pursuits, personal growth, and social opportunities. Sardar College allows one to study subjects in-depth and gain valuable knowledge and skills. Engaging in discussions, attending lectures, conducting research, and working on projects contribute to intellectual growth. College often marks a transition to greater independence. I have met new people from diverse backgrounds and built lifelong friendships. Joining clubs, participating in extracurricular activities, cultural activities, and attending social events have created a vibrant social atmosphere.

My college offered numerous networking opportunities for personal growth and self-discovery, such as connecting with professors, alums, and industry professionals. I am privileged to be a part of this college as a student and faculty member in the Department of Zoology. This college has made me what I am now, and I am thankful for that.

My message to my students is to believe in yourself enough to be different and do something unique. I congratulate the college for coming up with the quarterly newsletter, which will be very helpful for the student community.

Ms. Swapna Bottu, MBA, PGDBM

I am Swapna Bottu, an MBA student at Sardar Patel College for the academic year 2019- 2021. My seniors informed me about this college. I was excited when I joined the college, but unfortunately, I could spend only a little time there due to the pandemic. Within this short time, the college has given me immense opportunity to develop my personality and enjoy college life.

I spent most of my time investigating new things in the library and sports room; during the pandemic, I had the opportunity to take my first online lessons. My institution provided me with a high-quality education, and I could get over stage fear by participating in activities.

In my journey of two years, my lecturers stood as great support, encouraging me to get two gold medals from the exhibition society and college as well. Most importantly, college taught me values and how to overcome challenges. It's an honor to work as an Assistant Professor in the college where I was a student, where I can share my knowledge and expertise with students. I am thrilled to be a student and a faculty member at the same institute.

COMMUNITY OUTREACH / NSS

NCC – EKTA AUR ANUSHASAN

National Youth Day –12.01.2023 Our college cadets celebrated National Youth Day on 12.01.2023 by cleaning the statue of Swamy Vivekananda and participating in poster-making essay writing, and elocution competitions.

Introductory class on Crossbow and associated contests On 19-03-2023, our college NCC cadets participated in an “Introductory class on Cross Bow and Associated Competitions” conducted by Aurora Degree College in association with Telangana Crossbow Shooting Association (TCSA).

STUDENT HEALTH & WELLNESS

The "college phase" is regarded as an era of immense opportunity in a person's life, but many students are unsure how to assist themselves in taking advantage of it. Balancing academic work and extracurricular activities while placing academics first may hurt your health. Additionally, the epidemic has raised awareness of the need for student health and well-being. Adjusting to college life and peer connections may seriously impact a college student's health. One of the first tasks is to take care of yourself. Nutrition and physical health are two overlooked areas equally crucial to a

student's existence. Students participating in sports programming can join teams and compete at different skill levels. Every institution offers other sports, although most provide basketball, flag football, kickball, and badminton.

Our overall health and fitness are directly impacted by what we eat and drink. Just as we may raise our level of exercise and sleep, we can increase our level of nutrition by giving our body the proper balance of nutrients it needs to develop and stay healthy. Eating a diet rich in essential nutrients might be difficult. However, we always have access to inexpensive and healthful snacks. Although supplements are a simple way to supplement our diet, students should exercise caution when taking supplements with a high concentration of vitamins, minerals, and botanical substances. We place a high priority on student health.

College students are also concerned about their mental health. Stress, anxiety, eating disorders, and addictions, among other issues, can substantially impact students' lives. Colleges and universities, fortunately, provide assistance and associated services; further resources can be sought through state and municipal authorities and independent organizations.
